EXPERIENCE

Tech Studio Academy, Onipanu, Lagos State — *Intern.*

AUGUST 2025 - PRESENT

Contributed to blog API project; practiced full development cycle, testing, and debugging.

EDUCATION

Lagos State University, Ojo — *Computer Science B.Sc.*

Admitted Aug 2025 - Till Date

Tech Studio Academy, Lagos State.

13 Oct, 2024 - 13th March, 2025 — Tech Studios Academy, 2025

PROJECTS

Talk App — *React, Node.js, Express, MongoDB, Axios, Bootstrap.*

Developed a real-time messaging platform with **instant UI updates**. Integrated **secure authentication, password hashing, and role-based access.(Full Stack).**

Betahouse Website — *React, Node.js, MongoDB, Google OAuth, Stripe.*

Built a **subscription-based platform** supporting Google login and Stripe payments. Designed **scalable backend APIs** with data validation and modular structure.**(Full Stack).**

Blog API (Internship Project – Tech Studios Academy) — *Node.js, Express, MongoDB, Helmet, Express-Validator.*

Created a **production-ready blog API** with authentication, validation, and advanced security. Gained exposure to **industry practices** in REST API design, version control, and code reviews. **(Backend).**

SKILLS

Problem solving, debugging, communication, Responsive Design, Adaptability and Continuous Learning, Time Management.

Languages & Frameworks: JavaScript (ES6+), TypeScript, React, Node.js, Express.js

Styling: Tailwind CSS, Bootstrap, CSS3, HTML5

Databases: MongoDB, Mongoose

Auth & Security: JWT, Google OAuth, Bcrypt.js, Helmet, CORS

Payment & APIs: Stripe, REST APIs, Axios, Express-Validator

Testing: Jest, Postman

Version Control & Tools: Git, GitHub, VS Code
